MINISTRY OF

INFORMATION & BROADCASTING

SHASTRI BHAWAN, NEW DELHI - 110001

April 27, 2017

Dear

Kindly refer to this Ministry's Order No.2301/7/2003-BC.III dated 06.09.2005 and 19.02.2008 and my D.O. letter No.2/135/2016-DAS dated 17.01.2017 regarding constitution of State and District Level Monitoring Committees to enforce the Cable Television Networks (Regulation) Act, 1995. In a judgment delivered on 12.01.2017 in the case of Common Cause Vs UOI, the Hon'ble Supreme Court advised the Govt. to formalise the existing complaint redressal mechanism for content monitoring of private satellite TV channels and to finalise a similar framework for private radio stations as well.

2. As per the information available with the Ministry, State and District level Monitoring Committees have been set up in 19 States, 5 Union Territories and 327 Districts for monitoring content telecast on private satellite channels. Broadcast of FM radio channels and Community Radio Stations (CRS) are in the nature of terrestrial transmission. Hence, monitoring their content centrally is not feasible. The content aired by them is also of local nature. All private FM channels and Community Radio Stations are required to follow the All India Radio's Broadcast Code in terms of the Grant of Permission Agreement (GOPA) signed by them with the Ministry of Information and Broadcasting. The All India Radio (AIR) Broadcast Code is enclosed herewith and is also available on AIR's website at:

www.allindiaradio.gov.in ⇒ Information ⇒ AIR Code

3. It is, therefore, essential that such committees are set up for all types of content monitoring including private FM channels and Community Radio Stations.

4. A list of permitted private FM channels and Community Radio Stations as on date is enclosed. As this is an evolving list, latest list can be accessed on Ministry of Information Broadcasting (MIB) website at:

www.mib.nic.in ⇒ Broadcasting ⇒ FM Radio Phase-III

www.mib.nic.in ⇒ Broadcasting ⇒ Community Radio Stations ⇒ CRS - Facts & Figures

5. It has, therefore, been decided that these State/District level Monitoring Committees be henceforth authorised to monitor the content broadcast on private FM / CRS stations also in addition to private satellite TV channels. The content can be monitored by the Committees suo-moto and on the basis of complaints received.

6. I, therefore, request you to constitute these State and District level Monitoring Committees wherever these have not been set up so far and to effectively monitor all types of content. A detailed Office Memorandum dated 26.4.2017 in this regard is enclosed herewith. Violations found, if any, shall thereafter be acted upon by the Authorised Officers or brought to the notice of this Ministry, as detailed in the attached Office Memorandum, for taking necessary action as per relevant guidelines.

7. It is also informed that TV broadcasters have set up their self regulating system where too the public can lodge complaints. News Broadcasters

Association (NBA) (www.nbanewdelhi.com), a representative body of news and current affairs TV channels, has set up the News Broadcasting Standards Authority (NBSA), to consider complaints against or in respect of broadcasters relating to content of any news and current affairs telecast on TV channels. Indian Broadcasting Foundation (IBF) (www.ibfindia.com), a representative body of non news & current affairs TV channels has set up Broadcasting Content Complaints Council (BCCC) to examine the complaints relating to content telecast on private satellite TV channels. The Advertising Standards Council of India (ASCI) (www.ascionline.org) has set up Consumer Complaints Council (CCC) to consider complaints in respect of advertisements.

With regards,

Yours sincerely,

(JAYASHREE MUKHERJEE)
